3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

This request continues funding for services for children placed in the care and custody of the Children's Division (CD). Shortfalls are projected in programs funding children's placement costs and services such as Foster Care, Adoption/Guardianship Subsidy and Residential Treatment. The Adoption/Guardianship program is projected to grow in FY17. As the number of children placed in Children's Division custody has increased, the number of children moving to permanent homes through either guardianship or adoption has also increased. In addition, passage of Senate Bill 47 which was effective August 28, 2013, expanding the definition of eligible guardians has resulted in an increase in children placed for guardianship. Children in custody grew in FY16 thus resulting in a supplemental request in FY17. This is a continuation of supplemental funding.

Authorization: RSMo 207.010, 207.020, 210.001, 210.112, 210.481-210.531, 211.031, 211.180, 435.005- 435.170, 435.315; Federal Child Welfare Act and Child Abuse Prevention and Treatment Acts.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The Adoption/Guardianship Subsidy program has continued to grow and is projected to increase in FY17; Foster Care has experienced growth throughout FY16 and expects to see continued growth in FY17. The programmatic costs associated with Residential Treatment has increased due to varying treatment levels for the children in custody. The division is requesting a partial supplemental request in FY17. This request is for continued funding in FY18 for Foster Care, Adoption/Guardianship Subsidy and the IV-E portion of Residential Treatment. The continued funding for the Rehabilitation portion of Residential Treatment is being requested in the MO HealthNet Division. A core reallocation of \$17,089,399 from Residential Treatment to Rehab & Specialty Services will occur in FY18 to move the Rehab & Specialty budget for Residential Treatment Services to the location in which claims are actually paid.

The breakout across programs is listed below.

2. CORE DESCRIPTION

The Children's Administration appropriation provides funding for salaries, communication costs and office expenses for all Central Office staff. These staff are charged with oversight of state and federal policy, statutory and regulatory compliance. Oversight and coordination of programs, contracts, funding, etc. are directed from Children's Division Administration. This appropriation also provides funding for School Based Social Service Workers contracts.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.210

Program Name: Children's Division Administration

Program is found in the following core budget(s): Children's Administration

1. What does this program do?

Children's Division (CD) Administration provides funding for salaries and expense and equipment for all CD Central Office staff. Central Office is responsible for the direction and management of all Division programs. Following is a description of units responsible for the management of CD programs.

Children's Division Director's Office is responsible for Communications, Human Resources, Legislative Affairs and Constituent Services, Coordination of Fiscal Functions with the Division of Finance and Administrative Services, Out of Home Investigations and Emergency Management. Focus is placed on proactive internal and external communications to enhance the Division's relationships with staff, customers, partners and the public.

Planning and Performance Management & Professional Development is responsible for Interdepartmental Placement Management, Residential Licensing, Contract Oversight, Strategic Planning, Systems Development & Support, Quality Assurance and Quality Improvement, and Professional Development and Training. Focus is placed on strategic planning and the use of data to maintain and improve the delivery of services and maintenance of the state's IV-B Plan with the federal government.

Program Development and Field Operations is responsible for Policy and Program Development, Field Support to Regional and Circuit Managers, Foster Care Case Management and the Child Abuse and Neglect Hotline. Focus is placed on the delivery of child welfare services and providing support for those services.

Early Childhood & Prevention is responsible for Child Care Subsidy Administration, Early Childhood Programs, Interagency Prevention Initiatives and Partnership Development, and Provider Registration. This unit is primarily funded from Purchase of Child Care. Focus is placed on supporting childcare consumers and providers and on activities that can assist families before children enter the child welfare system due to abuse and neglect.

The Missouri School Violence Hotline (SVH) The hotline number is 866-748-7047, or by a free mobile app "MO Reportit" or by texting 847411. The SVH is staffed Monday through Friday 7:00am to 6:00pm. The program provides an anonymous means to report school violence. The information is immediately relayed to law enforcement or schools to promote a safe school environment.

2. What is the authorization for this program, i.e. federal or state statute, etc.? (Include the federal program number, if applicable.).

State Statute(s) - RSMo. 207.010, 207.020; 42 USC Sections 670 and 5101

3. Are there federal matching requirements? If yes, please explain.

Children's Division administrative expenditures are reimbursable at the Children's Division time study rate of 35.74% federal (64.26% state match) or at the IV-E administrative rate of 50% (50% state match) if expenditures are 100% IV-E reimbursable. The time study rate is determined by polling a select number of Children's Division staff to determine the amount of time spent on particular programs. The time spent on each program and the earnings for these programs are used to determine a federal reimbursement rate.

2. CORE DESCRIPTION

This appropriation provides funding for personal services and expense and equipment for Children's Service Workers and support staff in each of the 46 Judicial Circuits in the State of Missouri. Front line staff respond to allegations of child abuse or neglect; provide assistance for families in need of services to keep or return children home safely; secure appropriate out-of-home placements for children placed in the Division's custody; and locate permanent homes when it is in the best interest of the child. As a whole, Missouri's Child Welfare System became accredited through the Council on Accreditation (COA) effective November 2009 and was reaccredited March 2015. Maintaining these standards helps to ensure the safety of children and to expedite moving kids from state custody to permanency.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.215

Program Name: Children's Field Staff and Operations

Program is found in the following core budget(s): Children's Field Staff and Operations

1. What does this program do?

The Children's Division must employ direct worker staff, supervisory, administrative, and clerical positions to support the programs it administers. The Division's administrative structure provides that the Division Director or Deputy Director will supervise Regional administrative staff, and they in turn will manage the Division's local county offices which are organized into judicial circuits. Regional staff are responsible for all programs operated by the Division within their respective region. Each Circuit Manager has similar responsibility for that circuit's staff and employs supervisory and clerical staff to facilitate the management of these programs. A typical circuit structure would have a unit or units of Children's Service Workers, a Social Service Supervisor(s), clerical staff, and a Circuit Manager.

Administrative staff are engaged in activities related to program monitoring and evaluation, personnel management and appraisals, training, and automated system support. These positions are responsible for quality of service provision and for monitoring of case activities to assure accuracy. They also provide significant on-the-job training to new employees. Supervisory staff are allocated based on a ratio of 1 to no more than 7 workers. Clerical staff assist clients entering the local offices, organize and coordinate work flow, and data entry functions.

Children's Service Workers investigate child abuse and neglect reports, perform family assessments, provide permanency planning for children, and ensure that permanency is achieved in an expeditious manner. The Children's Service Worker is an advocate for the children and an integral partner with the juvenile court. They assure the safety of the child, and provide for the needs of the children and their families in a manner that serves the child's best interests. According to Section 210.112 RSMo, it was the intent and goal of the General Assembly to have the Children's Division attain accreditation by the Council on Accreditation (COA). On November 13, 2009, COA announced that Missouri's Children's Division was fully accredited. Attaining and maintaining accreditation demonstrates to consumers and stakeholders that the Children's Division is adhering to nationally recognized standards. COA supports sound policy and reasonable caseload sizes to help ensure the safety and welfare of children. The following is a brief discussion of the major responsibilities of the Children's Service Worker. The Children's Division is in the process of implementing several strategies focused on family engagement through the Five Domains of Wellbeing, Signs of Safety and Trauma Informed practices.

Responding to Reports of Child Abuse and Neglect: A Children's Service Worker initiates an investigation or family assessment into allegations of child abuse or neglect within 24 hours of the report to the Child Abuse & Neglect Hotline. If the report indicates behavior that may constitute a criminal violation, the report is screened as an investigation, and law enforcement is contacted to co-investigate. An investigation determination is made as to whether abuse/neglect has occurred and if so, the name of the perpetrator is placed in the Central Registry. Services are provided to the family, as appropriate. Reports of child abuse/neglect that do not appear to be of a criminal nature are responded to through a family assessment. The primary purpose of the comprehensive family assessment is to assess the child's safety and the family's need for services. The agency seeks to form a collaborative relationship with the family and their community to build on existing strengths. Through this process the focus is on long-term success for the family, rather than on an individual incident.

Family-Centered Services: If the investigation or family assessment determines that the child is in danger, the worker collaborates with law enforcement and/or the Juvenile Court to take immediate steps to protect the child, and begins working with the family to prevent any further abuse or neglect. Treatment services are put into place to help prevent the reoccurrence of abuse or neglect and to help the family regain custody in instances where the removal of the child(ren) was necessary.

Alternative Care: In many instances the protection of the child requires the removal of the child from the home and placement in an alternate living arrangement. The Children's Service Worker makes arrangements for this placement, monitors the placement, and, when appropriate, makes plans for the subsequent return of the child to their natural home.

Recruitment and Retention: The contract for the recruitment and retention pilot was awarded on August 27, 2013. Effective January 1, 2014, the contractor was fully responsible for services and began the two-year pilot as required by the report of the Task Force on Recruitment, Licensing and Retention of Foster Care and Adoptive Homes. The contract covers all recruitment, retention, and training for foster parents and respite providers in Jackson County and the Northwest portion of the state. The contract was written and awarded based on recommendations of the Task Force. At the end of the pilot phase, the decision was made to continue this contract within Jackson County and the Northwest portion of the state. An RFP is being issued for an ongoing contract for this work in this region.

The Children's Division Child Abuse and Neglect Hotline Unit (CA/NHU): The hotline accepts confidential reports of suspected child abuse, neglect, or exploitation. Reports are received through a toll-free telephone line which is answered seven days a week, 24 hours a day. Members of certain occupational groups, such as teachers, social workers, and physicians, are mandated by law to make reports to the Hotline. Beginning November 2016, this group of reporters (mandated reporters) is able to make reports of abuse or neglect that are non-emergency in nature through a web-based on-line application. Any person may report, and anonymous reports are accepted from individuals who are not mandated by occupation to report. Missouri law requires mandated reporters to identify themselves when making a report. The toll-free number is 1-800-392-3738.

Implementation of Senate Bill 341: This legislation provides for hotline reporting of problem sexual behavior of a juvenile less than fourteen years of age who has allegedly committed sexual abuse of another person under the age of eighteen. These reports are responded to using the family assessment model. Between August 28, 2015 and July 31, 2016, a total of 3,946 calls had been received in all judicial circuits. Approximately 250 staff have been trained on how to respond to this type of report. SB341 (2015) also required the Department of Social Services to develop and make posters available to school with the 844-CAN-TELL phone number.

The Foster Care Jobs Program: The Missouri Customer Service Partnership Program is a pilot career readiness program between CD and the Department of Economic Development, Division of Workforce Development in the St. Louis and Springfield areas with expansion to Kansas City and Joplin being explored. The professional training program is designed specifically for young people aging out of Foster Care or Division of Youth Services custody. Participants receive professional training to introduce them to meaningful careers with opportunities for advancement in customer service occupational fields. Youth participants are prepared to earn employer recognized certificates including the National Career Readiness Certificate (NCRC) offered by ACT, the National Retail Federation's National Professional Certification in Customer Service, and the Internet and Computing Core Certification (IC3). In addition to the ten week training, mentoring, support services, and continued learning opportunities are provided for one-year. Funding for this program comes from Temporary Assistance for Needy Families (TANF).

Mobility Project: CD deployed approximately 1,500 iPads to frontline staff statewide. CD staff using the FACES application and virtual desktop (VDI) to enter and save case data while out in the field. In addition, staff use the iPad to access email, calendars, FaceTime to supplement visits between incarcerated parents and children, GPS for locating home, internet access to search for local services to serve family needs, and talk to text and free texting apps that allow staff to use the iPad to text with clients. All iPads are equipped with 3G data plans. Wi-Fi access has been installed in 50 Children's Division offices to date with 16 additional in progress. The goal is for all CD offices to eventually have access to Wi-Fi.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State Statute(s) - RSMo. 207.010, 207.020, 208.400; 42 USC Sections 670 and 5101.

3. Are there federal matching requirements? If yes, please explain.

Children's Division line staff and operations expenditures are reimbursable at the Children's Division time study rate of 35.74% federal (64.26% state match) or at the IV-E administrative rate of 50% (50% state match) if expenditures are 100% IV-E reimbursable. The time study rate is determined by polling a select number of Children's Division staff to determine the amount of time spent on particular programs. The time spent on each program and the earnings for these programs are used to determine a federal reimbursement rate.

4. Is this a federally mandated program? If yes, please explain.

The federal Child Welfare Act and the federal Child Abuse Prevention and Treatment Act obligate Missouri to care for children who are abused and neglected. Line staff and operations activities related to these obligations would be considered mandatory.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Planned FY 2017 expenditures are net of reverted, reserve and restricted.

Following is a summary of training/education provided for staff and foster and adoptive parents.

Child Welfare Practice Pre-Service Training - Skill Building for Children's Service Workers

This comprehensive, competency based training program is based on the Children's Division's family-centered philosophy and delivered by regional professional development teams. The first year of a new employee's professional development is comprised of formal, classroom training mixed with on-the-job training (OJT). The formal, classroom training is provided by regionally-based agency staff trainers and the on-the-job training is provided by local supervisors or specialists within the employee's own work area. The classroom trainer develops work skills through a wide range of adult learning activities and the trainee is an active participant in completing learning assignments. The supervisor and/or specialist coaches the new employee through a series of on-the-job training activities.

OJT is intended to prepare and reinforce classroom instruction through the supervisor and/or specialist working individually with the new staff. Family cases are assigned to the new employee as concepts and skills are presented in the classroom and OJT. Working with families incrementally allows the worker to master the procedure without the presence of many deadlines and crises. The one-on-one coaching from the supervisors and/or specialists creates the optimum learning and practice environment.

The "on-the-job" training is conducted at the worker's base circuit, which includes agency field staff as well as persons contracted with CD to provide services to families.

Following Basic Orientation, new staff must complete in-service courses which can vary, depending on their job duties and the regional priorities. These in-service courses include core program information on: Investigation/Assessment, Family Centered Services (FCS) and Family-Centered Out-of-Home Care (FCOOHC) and Resource Development. In addition to these in-service courses, the agency also provides in-service training on practice model initiatives such Signs of Safety, Five Domains of Wellbeing, Trauma Toolkit, Secondary Trauma & Resiliency Practice. Other topics include Legal Aspects, Critical Thinking Skills, Older Youth, Domestic Violence, Ethics, Human Trafficking, High Performance Transformational coaching and leadership development as part of the ongoing professional development.

STARS Pre-Service & In-Service Training for Foster and Adoptive Parent Applicants - Train-the-Trainer

Regionally-based trainers provide a Train-the-Trainer session to help the Children's Service Worker in teaching foster/adoptive parents to become informed of the STARS (Specialized Training, Assessment and Resource Support/Skills) program so they are able to facilitate the on-going pre-service and in-service training classes for potential foster/adoptive parents. The curriculum was developed by the Child Welfare League of America in cooperation with Illinois, Missouri and approximately 30 other states. The curriculum used is competency-based for foster and adoptive parents. The in-service course consists of twelve modules, each containing one to five sessions, each three hours in length, for a total of 99 hours of training. The content addresses the advancement of the competency acquisition introduced in the STARS/CWLA pre-service curriculum. Staff in local counties work with foster parents to determine which competencies the foster parent needs to develop further and the local teaching/training teams offer the courses.

Spaulding: Making the Commitment to Adoption Curriculum for Adoptive Parent Applicants - Train-the-Trainer

Regionally-based trainers provide a Spaulding Train-the-Trainer course for those who have completed the STARS Train-the-Trainer courses, and wish to train the Spaulding curriculum. Spaulding is a course for those parents who have successfully completed the 27 hours pre-service curriculum and wish to adopt. It was developed by the Spaulding National Center for Special Needs Adoption to be a part of the preparation process of resource families. This training assists those considering adoption in looking at those differences and the unique challenges that adoptive families of children with special needs face, and explore ways to anticipate and manage these challenges. The Train-the-Trainer courses address all of this in a three day program. Particular attention is given to the impact of separation, loss and grief and the importance of attachment in the adoption experience. Those involved in the training will explore how children enter the child welfare system; the impact of abuse, neglect, abandonment and life in the system on children's behavior; and characteristics of children who need adoptive families.

Child Abuse/Neglect Investigation - 20 Hours of Training

210.180 RSMo requires that "each employee of the division who is responsible for the investigation or family assessment of reports of suspected child abuse or neglect shall receive ... not less than 20 hours of in-service training each year on the subject of the identification and treatment of child abuse and neglect." This statute was passed as part of SB 470 in 1986 and amended with SB 595 in 1994. This training is delivered in order to comply with RSMo 210.180 and includes the philosophy, knowledge and skills used throughout the state which are reflective of CD policy, Missouri statutes and child welfare practice and philosophy. During the 2016 legislative session HB 1877 added a provision that four (4) of the twenty (20) training hours include training of medical forensics relating to child abuse and neglect.

Training For Newly Promoted Supervisors.

New Children's Service Supervisors and Clerical Supervisors are required to attend classroom training within six months of promotion. The 40 hour BOSS (Basic Orientation to Supervisory Skills) classroom training is provided through the Human Resource Center. In addition to the initial BOSS training, CD front line supervisors are required to attend Five Domains of Wellbeing in Clinical Supervision and as the implementation of the practice model occurs within each region, Signs of Safety Supervisor training.

Master's of Social Work Education Program

There are education programs designed to help Children's Division staff and child welfare professionals attain the Master's of Social Work degree while continuing to be employed full-time by the Children's Division. Title IV-E funding is available to help cover the costs of these programs. Universities and colleges partnering with the Children's Division include campuses in Columbia (UMC), St. Louis (UMSL), Missouri State University (MSU) and the University of Missouri - Kansas City (UMKC). MSU has distance learning sites in Joplin and West Plains. The Master's program pays for tuition, books, and fees. In return for assistance, the employee/student must agree to a specified time of employment. The time investment for this program is one year for each semester enrolled.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 210.543, 210.112 (4), 210.180; 42 USC Sections 670 and 5101.

3. Are there federal matching requirements? If yes, please explain.

Child Welfare training expenditures may receive a 50% or 75% IV-E federal match for every dollar spent. Administrative expenditures related to training may receive a 50% IV-E federal match.

4. Is this a federally mandated program? If yes, please explain.

The federal Child Welfare Act and the federal Child Abuse Prevention and Treatment Act obligate Missouri to care for children who are abused and neglected. Training related to these obligations would be considered mandatory.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.225

Program Name: Children's Treatment Services

Program is found in the following core budget(s): Children's Treatment Services

1. What does this program do?

Children's Treatment Services (CTS) includes services such as traditional therapeutic psychological testing and assessments and counseling, crisis intervention, emergency medical examinations for allegations of CA/N, transportation, juvenile court diversion, intensive in-home services and intensive family reunification services. Each area of service is discussed below.

"Traditional" CTS Services

In families with children identified as abused or neglected, or at risk of abuse or neglect, services are provided to prevent injury to the children and to reduce the risk of abuse/neglect. Because of the multitude of challenges experienced by these families, a variety of services are required. Services provided through CTS contracts are intended to prevent further incidents of child abuse and neglect by strengthening families through services delivered to the family to divert children from foster care and to assist families in having their children returned to their home. Services above are available on a statewide basis. MO HealthNet funding is used in lieu of CTS when allowable.

CTS Services include:

- **Mental Health Assessment** - Assessment services to identify the treatment needs of the individual or family for the purpose of assisting the Division to develop and implement a treatment plan to correct or minimize those needs.
- **Behavioral Health Services** - Behavioral Health Services required to meet the client's additional needs, which require additional units outside of MO HealthNet coverage.
- **Crisis Intervention Services** - Services to an individual in order to alleviate or diffuse a situation of immediate crisis.
- **Day Treatment** - Therapeutic day treatment program for emotionally disturbed, developmentally disadvantaged, and abused or neglected children which also provides therapy for members of the child's family.
- **Drug Testing** - Specimen collection, evaluation and reporting of drug testing panels administered to clientele of the Division.
- **Family Therapy** - Intensive family therapy treatment services to families at the contractor's facility or in the home of the family.
- **Group Therapy** - Guidance and instruction provided through therapeutic interaction between the contractor and a group consisting of two or more individuals.
- **Individual Therapy** - Individual therapy in the form of guidance and instruction.
- **Parent Aide** - Placement of a trained parent aide in the home of a family as part of the family/client's case treatment plan. The aide assists the parent(s) in developing parenting and homemaking skills.
- **Parent Education and Training Program** - The contractor provides an instructional program in the form of appropriate parenting techniques for a group consisting of three or more individuals. Provisions of an instructional program that is competency based to demonstrate appropriate parenting techniques.
- **Psychological Testing** - Testing services which shall include: 1) the administration and interpretation of an individual battery of tests; 2) the submission of a written report stating the result of the tests; and 3) a recommendation for treatment.
- **Respite Care** - The provision of 24 hour per day placement services for children who are living outside their own homes and who need short term placement.
- **Service Delivery Coordination** - Identifying and accessing community resources on behalf of a specific child or family.
- **Speech Therapy** - Services for clients who have speech, language or hearing impairments. Services may be provided by a licensed speech language therapist or by a provisionally licensed speech therapist working with supervision from a licensed speech language therapist.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.225

Program Name: Children's Treatment Services

Program is found in the following core budget(s): Children's Treatment Services

- **Vision Therapy** - Provides an individualized, supervised, treatment program designed to correct visual-motor and/or perceptual cognitive deficiencies.
- **Domestic Violence Batterer's Intervention Program** - This intervention program is intended to help clients modify behavior patterns and break the cycle of violence by learning new skills around power and control, and accountability and communication.
- **Nursing Services** - Provides professional nursing care for assigned pediatric clients in a home care environment.
- **Personal Assistance (Behavioral and Medical)** - Provides services that assist with any activity of daily living (ADL) or instrumental activity of daily living (IADL).
- **Pervasive Developmental Services Coordinator** - Provides assistance with treatment plan development, consultation, environmental manipulation and training to and for clients with developmental disabilities whose maladaptive behaviors are significantly disrupting their progress toward a successful family environment.
- **Substance Abuse Treatment Services** - Includes thorough client assessments and client specific treatment interventions designed to address alcoholism, drug dependence and addiction.

Crisis Intervention Funds

These funds allow the Division to address the critical financial and resource needs of families served by the Division. The funds are utilized for families being investigated for child abuse/neglect who are receiving Child Welfare Services. The service is accessed only when other resources to alleviate the crisis have been fully explored. Eligible services include home repair, child safety items, health related purchases, employment/school supplies, household items, rent/mortgage arrears, and transportation.

Emergency Medical Exams Related to CA/N

The Division pays for medical examinations related to child abuse investigations when other payment resources, e.g. Medicaid, private insurance, direct payment by parents, etc. are not available.

Transportation

Purchase of transportation services to transport clients to and from services, e.g. to medical appointments, counseling sessions, etc.

Juvenile Court Diversion

This service allows the Juvenile Court to provide services to youth who come to their attention without placing the youth in the custody of the Children's Division. The services are aimed at diverting the children from CD custody.

Intensive In-Home Services

Intensive In-Home Services (IIS) is a short-term, intensive, home-based crisis intervention program that offers families in crisis the possibility of remaining safely together and averting the out-of-home placement of children. Families that have a child or children at imminent risk of removal from the home due to neglect, abuse, family violence, mental illness, emotional disturbance, juvenile status offense, and juvenile delinquency are offered IIS. Services are provided in the family's home or other natural setting. Families are assigned one principal specialist who is responsible for spending up to 20 hours per week in face-to-face, direct contact with the family. The IIS program combines skill-based intervention with maximum flexibility so that services are available to families according to their unique needs. Trained specialists teach families problem solving and other life skills. Also, the IIS specialists provide information to families regarding other resources. In all, IIS focuses on assisting in crisis management and restoring the family to an acceptable level of functioning.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.225

Program Name: Children's Treatment Services

Program is found in the following core budget(s): Children's Treatment Services

IIS is based on the belief that families can, through intensive intervention, learn to nurture their children, improve their functioning, and gain support within their community to enable the family to remain safely together. Enmeshed in this belief is the ultimate goal of the program, the safety of the child. It is not the intent that the Missouri IIS program be viewed as keeping families together at all cost.

Safety of all family members is a concern of IIS; however, safety of the child is the number one consideration. A goal of the program is to modify the home environment and behavior of family members so that the child(ren), at risk of removal, can remain safely in the household. Throughout the IIS intervention, safety of the child is continually assessed. A recommendation for immediate removal is made if at any point it is determined that the child's safety is threatened.

Intensive In-Home Services in Missouri include many phases of service delivery. Key components are: Pre-referral, referral, screening, assessment, treatment, process, termination, and follow-up or aftercare. Also, an integral part of the IIS program delivery is the availability of a crisis intervention fund. The crisis intervention fund is maintained to enable specialists to assist families throughout the course of the intervention. Examples of such immediate expenses include utility deposits, transportation, food, clothing, hygiene, and home repair expenses.

Essential Program Elements Include:

- One or more children in the family must be at imminent risk of out-of-home placement;
- No waiting list for services;
- Specialists' availability within 24 hours of referral;
- Home-based service orientation;
- Focus on the entire family as the service recipient;
- Intensive intervention, up to 20 hours per family (or more, if needed) per week;
- Specialists' availability to family 24 hours per day, seven days per week;
- Specialists' delivery of direct (hands-on, like how to budget) and indirect services (referral to community agencies);
- Regular staffing conducted between the specialist, supervisor, referral agent, follow-up provider and other pertinent individuals;
- Crisis intervention fund available for family emergency needs and treatment enhancement;
- Time limited (six week maximum) service period;
- Specialists; caseloads limited to two families;
- Coordination of IIS follow-up services; and
- Specialists possess specific educational and training requirements.

Intensive In-Home Services are available statewide for the benefit of all Missouri families.

Intensive Family Reunification

Intensive Family Reunification Services (IFRS) is intensive, short-term, home-based intervention provided to reunite children in out-of-home care with the child's identified family. Intensive Family Reunification Services are based on the belief families can, through intensive intervention, improve the family's functioning, learn to meet the needs of the family's children, and gain support within the family's community to enable families to be safely reunified. This intervention is approximately 60-90 days in duration and staff are available to the family 24 hours a day seven days a week in order to ensure that children transition successfully back to their home and community. The intervention consists of three stages. Stage One (1) is preparatory and precedes the return of the child(ren) to the home. This stage is marked by interactions between the contractor's in-home specialist and the parents to address the issues of ambivalence about and readiness for the child(ren)'s return. Stage Two (2) is marked by intensive service delivery to the family immediately following the child's return home, within two (2) to four (4) weeks of the original referral. Due to the intense nature of the services being delivered, contracted Family Reunification Specialists carry caseloads of no more than 3 families in stage two (2). Stage Three (3) is the "step-down/follow-up services" stage. The contractor must be available to help resolve issues that arise following the removal of intensive services.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 207.010, 207.020, 210.001, 211.180

3. Are there federal matching requirements? If yes, please explain.

Most Children's Treatment Services expenditures do not earn federal dollars. Some expenditures are used as state maintenance of effort (MOE) to earn the federal IV-B family preservation and support other block grants.

4. Is this a federally mandated program? If yes, please explain.

No.

2. CORE DESCRIPTION

Crisis Care provides temporary care for children whose parents/guardians are experiencing an unexpected crisis or emergency situation that requires immediate action resulting in short term care, and without this care the children are at risk for abuse and neglect or at risk of entering state custody. Crisis care services are designed to alleviate the immediate stress and to enhance the families capability of preventing future crisis or emergency situations from occurring. Crisis Care Providers serve children ages birth through 17 years of age. Some examples of crisis or emergency situations include unexpected hospitalization of a parent or another child in the home, unexpected incarceration of one or both parents, death of one or both of the parents, leaving no one immediately available to care for the child or children. Lack of food, utilities, shelter, domestic violence, overwhelming parental stress, and other crisis situations that jeopardizes the immediate safety and well-being of the child or children are also examples of crisis or emergency situations. Some families have minimal support systems to rely on in times of crisis, crisis care assists these families in overcoming their current crisis situation and building future support networks to assist in times of need.

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.225

Program Name: Crisis Care

Program is found in the following core budget(s): Crisis Care

1. What does this program do?

Crisis Care provides temporary care for children whose parents/guardians are experiencing an unexpected crisis or emergency situation that requires immediate action resulting in short term care, and without this care the children are at increased risk for abuse and neglect or at risk of entering state custody. Crisis Care Providers serve children from birth to 17 years of age. Care for these children is typically due to an immediate emergency where the parent has no other support systems to provide care and the child is too young to be left alone, such as parental incarceration or death, hospitalization or another sick child in the household, homelessness, domestic violence, or lack of basic needs, etc. Crisis care services take a holistic approach with the family to not only address the immediate crisis, but to also look at the underlying issues that cause the crises and to help the families learn to build a natural support network and to learn how to better cope with everyday crisis and emergencies.

Older youth seek crisis care services as a result of problems that typically have been building over time, such as an altercation with a parent, being kicked out of their home, parental substance abuse or mental health issues, homelessness, or because of situations that place them at risk of emotional, physical, or sexual abuse. These situations typically take time to resolve or to make alternate, more permanent arrangements. As a result, in addition to providing a safe place for a "cooling off period", teen crises typically require providers to assist in stabilizing the crisis within the family through mediation, provide referrals for appropriate intervention services, and/or make the necessary referral to permanent support services within the community.

While there is a cost associated with its provision, if crisis care can preempt a child or teen from entering state custody, the juvenile justice system, participating in dangerous or risky behaviors, or otherwise ending up on other public assistance, the overall cost to the state is greatly reduced.

Crisis Care services are provided free of charge to families voluntarily accessing services in response to such a family crisis. These services are available twenty-four hours a day, seven days a week. A teen or child will be accepted at a crisis care facility at any time, day or night, if space is available. If space is not available families are referred to other crisis care facilities if applicable or to other resources to meet their immediate needs. Crisis Care contracts are awarded through a competitive bid process. Current Crisis Care contracts are as follows:

Contractor's Name	Region	FY 17 Contract Amount
Annie Malone	St. Louis	\$251,625.00
Children's Haven of SW MO	Southwest (Joplin)	\$197,160.00
Salvation Army Children's Shelter	Kansas City	\$63,000.00
Epworth Children & Family Services	St. Louis	\$30,225.00
Isabel's House	Southwest (Springfield)	\$258,300.00
Child Center-Marygrove	St. Louis	\$139,744.08
Rainbow House	Northeast (Boone)	\$62,031.00

Synergy Services Inc	Northwest (Platte)	\$349,096.00
Youth In Need	St. Louis	\$21,250.00
Total		\$1,692,431.08

When Crisis Care contracts are awarded, some of the available appropriation is withheld to provide additional funds throughout the contract period for crisis care entities experiencing greater utilization by youth and families. These additional funds are allocated as the need arises throughout the contract period.

2. CORE DESCRIPTION

Home visiting provides free, voluntary services for families and children to prevent child abuse and neglect (CA/N) and to divert children from the state's custody. This funding is used to support programs such as home visiting and to partner with other community agencies to provide education and other outreach to parents and children to reduce incidents of child abuse and neglect and increase school readiness. This appropriation funds early childhood development programs targeting low income families and families with children under age three to ensure that these children have positive early child experiences both in and out of the home. These programs help prepare children to enter school ready to succeed and to reduce the potential for child abuse and neglect.

PROGRAM DESCRIPTION

Department: Social Services

Program Name: Home Visitation

HB Section: 11.230

Program is found in the following core budget(s): Home Visitation

1. What does this program do?

In SFY 13, the Child Abuse and Neglect Prevention funding was combined with Stay at Home Parent funding and renamed Home Visitation.

Home Visitation

Home Visiting provides assistance to eligible parents whose family income does not exceed 185% of the federal poverty level and are currently pregnant or who wish to care for their children under 3 years of age in the home. Home Visiting provides parents various opportunities to gain skills in the areas of early childhood development and education, improving parenting skills, school readiness, and child abuse and neglect prevention. Home Visiting services are provided through training and support groups for the families, developmentally appropriate books and toys for the children, modeling of appropriate parenting skills, and various other incentives to keep the parents engaged in the services. Home Visiting also allows families the opportunities to network with other families and to build a support and resource network.

Funding is provided through grants to local community organizations. Once the child ages out of the home visiting program at age 3, they are referred to their local Parents as Teachers and/or other community agencies to maintain educational services until the child enters kindergarten.

Contractors are as follows for FY17:

Alliance of Southwest Missouri

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.235

Program Name: Foster Care

Program is found in the following core budget(s): Foster Care

1. What does this program do?

Traditional Foster Care Program

The purpose of foster family care is to provide the least restrictive environment for children in the care and custody of the Division. The Division must place and provide care to all children in its care and custody and to their families. The majority of these children have come to the attention of the Division and the court due to serious physical, medical, or educational neglect, or abuse. Other children are placed in the custody of the Division as a result of status offenses such as truancy, runaway behaviors, and poor parent/child relationships.

By law, the court must determine whether all reasonable efforts have been exhausted to reduce risk to the child and prevent out of home placement and whether the child(ren) must be removed from the home and placed in the custody of the Division. The Division has a responsibility to provide for the physical, medical, educational, and social/behavioral needs of the child(ren) in its care. The Division must also develop and implement, in a timely manner, the most appropriate treatment plan for the family to facilitate early reunification or another permanent plan for the child. Children are returned to the custody of their parents or placed in other permanent arrangements only by order of the court.

To make payment for a child while in out-of-home care the child must be described in the court order as abused/neglected or having committed a status offense and be placed with a licensed and contracted family, facility, relative, kin, or transitional placement.

Licensed foster homes and licensed relative/kinship care providers receive a standardized monthly maintenance payment to cover daily living expenses such as room, board, clothing and incidentals, and an additional annual clothing allowance based on the age of each child. Foster/relative and kinship families caring for children between the ages of 0-36 months also receive an additional \$50 per month to help meet the special needs of infants, such as diapers, formula, clothing and supplies. Foster homes who serve children with elevated needs (Level A, Level B, and medical foster care) receive payments based on the placement type of the child.

All foster children, regardless of placement type, are eligible to receive medical/dental care, including services available through the Healthy Children and Youth (HCY) preventative health care program, Title XIX through MO HealthNet's Program, Child Care, special medical and non-medical expenses, and Children's Treatment Services (CTS).

The Children of Youth in Alternative Care (CYAC) program allows for the provision of maintenance and special expenses for a child who is born to a youth in the Division's custody. The youth and child must be in the same eligible placement.

Youth with Elevated Needs - Level A Program

Youth with Elevated Needs - Level A - a foster family placement program designed for children who have moderate to severe behavior problems. These children require a family setting that can provide greater structure and supervision than normal. The program began as a demonstration project in 1985 in response to the increasing number of children with diverse and complex needs which were not being met through existing Alternative Care placement resources. These children experience multiple placements due to their unacceptable behavior and/or uncontrollable behavior in traditional alternative care placements.

This program is also available to children who have been placed in residential facilities and psychiatric hospitals due to moderate to severe behavior problems and who require a very structured family setting as a step down from the institutional setting.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.235

Program Name: Foster Care

Program is found in the following core budget(s): Foster Care

A goal of the Youth with Elevated Needs-Level A Program is to provide children with moderate to severe behavior problems with an individualized, consistent, structured family setting in which they can learn to control behaviors which prohibit their ability to function in a normal home setting and in society. Level A Foster Care is not meant to replace appropriate residential treatment placement. However, it is intended to provide an alternative to residential treatment for children experiencing moderate to severe behavioral problems. In order for the Level A foster parent to provide the structure, consistency and individualization these children require, they are allowed to care for no more than two Youth with Elevated Needs at a time with a total of no more than 6 alternative care children. It is imperative that the Children's Division do everything possible to adequately prepare and support Level A (resource) parents to effectively care for and intervene on behalf of the children placed in their home.

Families/individuals interested in providing care for these children must meet all foster home licensing requirements and receive an additional 18 hours of specialized training. The Level A Foster Care parent serves as the primary change agent for these children and must provide a firm, consistent, nurturing and normalizing environment in which the children receive twenty-four (24) hour supervision. They receive a higher monthly rate to ensure the consistency, availability and intensity of care these children require. Some of their responsibilities include:

- Developing and implementing a structure of discipline and intervention which encourages self-responsibility and mutual concern for all members of the household in conjunction with the Level A Foster Care team;
- Preparing each child, with age appropriate "living" skills needed to function, i.e., personal hygiene, coping skills, money management, parenting skills, home management, job search, interpersonal and social skills;
- Setting and communicating specific behavioral limits for the child;
- Imposing pre-determined consequences when those limits are exceeded;
- Providing day to day implementation and monitoring of the child's treatment plan and services as agreed upon with other treatment staff;
- Completing periodic reports on the progress of the child in meeting both long and short term treatment goals;
- Being available for consultation with other treatment team members;
- Attending all staffing, permanency planning reviews and court hearings as allowed by the court;
- Providing transportation for the child to and from necessary appointments, medical care, daily activities, home visits, etc.;
- Attending and participating in those activities in which the child routinely engages, such as school, counseling, community activities, etc.; and
- Working with the birth parents, as needed or deemed appropriate, to prepare them for the child's return, and to maintain a sense of family.

Children's Division staff and the Level A Foster parent meet monthly to assess the child's continuing need for this level of care. A formal reassessment is completed every 6 months.

Youth with Elevated Needs - Level B Program

The Level B Foster Parent Program was developed as a result of seeing an influx of children with diverse and complex needs that were not adequately met through traditional foster care. These children experienced multiple placements as they were moved from foster family to residential care and back again in an attempt to secure stability. Such moves were often expensive and very traumatic for the children. A goal of the program is to provide children who exhibit other serious behavior and emotional disorders with intensive individualized intervention in a family and community based setting. Level B placements are to be viewed as a transitional placement designed to stabilize the child and prepare him/her for a less structured environment, i.e., traditional foster care, family reunification, and/or successful independence.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.235

Program Name: Foster Care

Program is found in the following core budget(s): Foster Care

Children who qualify for individualized care may be very challenging. They may pose a threat to the safety of themselves, others, or property and at times are non-responsive to specialized parenting techniques or more traditional disciplinary measures. Due to the severity of the children's needs, the Level B Foster Parents are not allowed to care for more than two individualized care children at the same time, with a total of no more than four alternative care children.

Families/individuals interested in providing care and specialized intervention for children and youth who qualify for individualized care must meet all foster home licensing requirements, receive an additional nine (9) hours of Level B foster parenting workshops in addition to the 18 hours of specialized Level A training, and demonstrate the skills required to care for children requiring individualized care. The Level B Foster Parent serves as the primary change agent for these children and must be available to respond immediately to any problem experienced or created by the child, whether it be at home, at school, or in the community.

Level B Foster Parent homes receive a higher monthly-rate to ensure their availability to meet the needs of the children. Some of their responsibilities include:

- Providing the child opportunities for recreational/social activities;
- Serving as a professional team member in developing appropriate plans for the child's care and treatment;
- Working with natural parents to help them understand and manage the child's individual problems and preparing them to resume responsibility for the care of their child; and
- Maintaining detailed and accurate reports of significant events involving the child and arranging and transporting the child to all medical, dental and therapy appointments.

Each month, CD staff and the Level B parent meet to assess the child's continuing need for this level of care. A formal reassessment is completed every 6 months.

Medical Foster Care Program

Some examples of children who may qualify for Medical Foster Care include those suffering from: "shaken baby" syndrome, multiple sclerosis, cerebral palsy, muscular dystrophy, severe apnea, debilitating heart/lung/kidney conditions and failure to thrive, drug affected children, wheel chair bound children who suffer from complications of other illnesses and severely developmentally delayed children with complicating illnesses. Each month Children's Division staff and the Medical Foster Care Parent will assess the child's continuing need for this level of care. Every twelve (12) months a formal reassessment is required to determine the progress of the child and the continued need for Medical Foster Care. Chronically ill or terminally ill children may require this level of care to adulthood.

Families/individuals interested in providing this specialized level of care for children and youth must meet all foster home licensing requirements and must possess the experience, time, and commitment to provide necessary service to the Medical Foster Care child. The families/individuals must receive child specific training from the medical professionals currently caring for the child in the hospital, rehabilitative setting, or institution. Medical Foster Care families receive a higher monthly rate to ensure the level of care, availability, and intensity of care these children require. Some of their responsibilities include:

- Providing day-to-day implementation and monitoring of the medical and/or developmental treatment plan and services as agreed upon with other treatment staff involved;
- Assisting the child to accept, understand and overcome his/her disabilities;
- Assisting in the training/education of the birth parent(s) on how to care for their special needs child in order to facilitate the child's return to the birth home;
- Providing transportation for the child to and from necessary appointments, medical care, daily activities, etc.; and
- Attending all staffing, permanency planning reviews, and court hearings as allowed by the court.

These children require far more than the routine daily care of children in non-medical settings. This may include assistance with bathing, eating, dressing and their normal activities. They may also require medical treatments on a daily basis and/or frequent trips for medical care/therapy.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.235

Program Name: Foster Care

Program is found in the following core budget(s): Foster Care

Foster Care Case Management

Contracted Case Management providers receive a case rate for per child per month for children being served by the private agency. A portion of that case rate is for foster care services and is paid from this appropriation. Contracted case managers contract directly with foster, relative, kinship and respite providers.

Legal Expenses

The Foster Care appropriation is used to pay legal expenses when a child cannot safely return home and a decision is made to terminate parental rights. Legal expenses include litigation fees and attorney fees and costs. Attorneys may be contracted directly with the Department or they may be attorneys secured by the prospective adoptive parents.

Kinship Care Program

The Kinship Care Program exists as a placement of choice for children who must be removed from their homes. Kinship care provides children in the custody of the Children's Division with familiar caretakers who have previously been involved with the family. Kinship foster care providers are defined as those persons who have established a relationship with the child or child's family. Kinship care providers are unrelated to the child, but have an enduring relationship with the child or family. Kinship providers are required to become licensed foster care providers for children, unless the Juvenile Court orders placement in their home. Kinship providers must successfully complete required pre-service training and must cooperate with the completion of a home study before they can be licensed. However, children may be placed on an emergency basis prior to training and licensure. The family must have a walk through of the home and screening for criminal and child abuse/neglect history completed before a child is placed in the home. The family must complete training and meet all licensing requirements.

Relative Care Program

The Relative Care Program exists as a placement of choice for children who must be removed from their homes. Relative care provides children in the custody of the Division with familiar caretakers who have previously been involved with the family. Relative foster care providers are persons, related by blood or marriage to the child, who have established a relationship with the child. Relative care providers must also meet the same licensing/approval standards as non-relative foster homes, with the exception of certain non-safety licensing standards which can be waived with Regional Office approval.

Emergency Foster Care Program

The Emergency Foster Care Program was designed to meet the needs of children who, after careful assessment, are determined to be in serious danger or threatened harm if they remain in the care of their parent(s) and that delivery of protective services will not provide immediate adequate protection for them. In many instances the family and children require immediate, short term separation in order for family members to correct the problems which brought the children into care. Emergency Foster Care is not intended to be a long term placement and generally is not to exceed thirty (30) days. When possible, the children are placed in relative or kinship homes, and only when these resources are not available, are the children placed in Emergency Foster Care.

Families/individuals interested in providing this level of care for the children and youth must meet all foster home licensing requirements and must possess the commitment to provide emergency care of children 24 hours a day for a maximum of thirty (30) days. Emergency Foster Care Homes must accept placements of children at any hour of the day, 7 days a week, and agree to maintain bed space, within their licensed capacity, for designated children. Emergency Foster Care parents are paid a higher daily rate for children placed in their homes under this program to compensate for the intensive one-on-one attention these children require and for the twenty-four hour availability.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.235

Program Name: Foster Care

Program is found in the following core budget(s): Foster Care

Respite Care Program

Respite care is the provision of periodic and/or intermittent, temporary substitute care of children who are in the care and custody of the Division, and placed in a licensed foster, relative, or kinship home. It is designed to provide relief from the stresses of the constant responsibilities of providing out-of-home care and for emergency situations in the care provider's home. It is not for use in regular child care situations when a foster/relative parent would use ordinary child care, i.e., hiring a baby-sitter for an afternoon or evening outing. Licensed foster parents, relatives, and kin for traditional foster children may receive up to 12 units of respite care per year. A unit of care is defined as a minimum of 6 hours, up to 24 hours of care. The goal of respite care is to provide a support service to the care providers in order to retain highly qualified providers who are willing/able to maintain a stable home for the child(ren), thus avoiding unnecessary moves for these children.

Respite care services may be provided in the home of the foster/relative/kinship care provider. Out-of-home respite care may include licensed day care homes, licensed foster, relative, or kinship homes. Respite care providers must be approved by the Division. This approval process includes Child Abuse and Neglect (CA/N) and criminal checks.

Respite care providers for traditional level foster children are not required to, but may attend, regular foster parent pre-service and in-service training. Respite care for Level A Foster Care and Medical Foster Care (MFC) children should be arranged with other licensed Level A and MFC providers to assure the respite care providers have all the necessary training and skills to appropriately care for these children. The Level B Respite Program is an integral part of the Level B Foster Parent Program. This program affords the Level B foster parents a regular break from providing for the intensive needs of the children placed in their homes. The Division has a contractual obligation to provide a specified number of units of respite care to Level B foster parents. Staff have a responsibility to ensure Level B foster parents utilize this program on a regular basis.

Professional Parenting Program

New Foster Parents must complete the family assessment process and the *Foster STARS/Adopt STARS* pre-service training and assessment program which consists of 27 hours of classroom training. Relative and kinship care providers must complete the family assessment process and the *STARS for the Caregiver Who Knows the Child* pre-service training which consists of 9 hours of classroom or one-on-one training. The STARS programs were designed to strengthen the quality of family alternative care services in Missouri. The STARS curriculums are competency based and give families the tools and skills they need to protect and nurture foster children, meet children's developmental needs, support relationships between children and their families, connect children with safe nurturing relationships intended to last a lifetime, and work as a member of the family support team. Families must demonstrate competence in the aforementioned areas before they are licensed as Professional Parents. Professional Parents are expected to work closely with birth families and are required to obtain 15 hours of training annually after they are licensed.

Once the Professional Parenting Training is complete, the foster, relative, kinship or Level A care providers receive an additional \$100 per month per child along with their normal monthly maintenance amount. Relative care providers may continue to be licensed but not receive the professional parenting payment of \$100 if they choose not to obtain the necessary annual training hours. Foster parents and kinship care providers may not opt out of this requirement. This exception is made for relative care only.

Staff are required to schedule a consultation meeting with all licensed foster, relative, and kinship care providers within 30 days of initial licensure to develop the Professional Family Development Plan. This plan is designed to help staff and providers plan the training and supports needed to help the provider develop as a professional parent for the Division. This plan is reviewed annually and updated every two years at the time of the family's license renewal.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 211.031, 453.315; Statute 173.270; 42 USC Sections 670 and 5101

3. Are there federal matching requirements? If yes, please explain.

For expenditure purposes, children and youth receiving services from the Children's Division are grouped into two categories - Homeless Dependent and Neglected (HDN) and IV-E. Expenditures for HDN children and youth are 100% state funded, TANF funded, or TANF MOE funded. Expenditures on behalf of IV-E children and youth are eligible for federal funding. The IV-E program rate of federal reimbursement is the FMAP (Federal Medical Assistance Percentage). The FMAP fluctuates annually based on state and national economic and population data, but generally the state matching requirement is around 40% and the federal match 60%. There is a 50% state match (50% federal earned) for IV-E administrative costs and a 25% state match (75% federal) for IV-E training costs. Some non-matchable expenditures in the foster care program are used to earn the IV-B Part 2 Family Preservation grant that supports the Children's Division.

4. Is this a federally mandated program? If yes, please explain.

The federal Child Welfare Act and the federal Child Abuse Prevention and Treatment Act obligate Missouri to care for children who are abused and neglected. Administrative activities related to these obligations would be considered mandatory.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Planned FY 2017 expenditures are net of reverted, restricted and reserve.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Section 453.600 RSMo authorized the creation of the "Foster Care and Adoptive Parents Recruitment and Retention Fund". The statute also created the "Foster Care and Adoptive Parents Recruitment and Retention Fund Board" within the department of social services. This request provides authority to utilize the fund balance for recruitment and retention efforts for foster and adoptive families with children who have been in out-of-home placement for 15 months or more, more than 12 years of age or are sibling groups. The balance in this fund as of January 31, 2017 is \$11,134. This appropriation provides an account for the distribution of funds from the Foster Care and Adoptive Parent Recruitment and Retention fund (0979). This board is tasked with granting awards from the fund to licensed community-based foster care and adoption recruitment programs. In addition, the board is required to establish guidelines for disbursement of the fund to certain programs as defined by the statute.

Per the statute, funds shall only be granted for evidence-based foster care and adoption programs as designated by the board.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.235

Program Name: Residential Treatment

Program is found in the following core budget(s): Residential Treatment

1. What does this program do?

Some children who are status offenders and some children who have been abused or neglected and/or have emotional or psychological difficulties require treatment in a residential environment. There are various levels of residential services available to these youth and children, depending on specific needs. Two basic federal funding streams partially help fund Residential Treatment: Title IV-E and Title XIX. Types of residential care include emergency, levels 2-4, family-focused, therapeutic foster care, infant/toddler, maternity and maternity with infant. In addition, for a select number of children with severe behavioral health needs, residential treatment services include an integrated delivery system managed by specialized care management organizations (CMOs). Each of these residential care types is discussed below.

Residential contractors provide room and board, supervision, and therapeutic rehabilitative services to children within their programs. Rehabilitative services are necessary to address the behavioral needs of children and transition them to Community-Based settings through rehabilitative planning, evaluation and service delivery. Children who receive such services have completed a Childhood Severity of Psychiatric Illness (CSPI) assessment to establish eligibility. A portion of the children and youth are served through residential placement not because of behavioral needs, but because they are in need of emergency placement or are young women in need of maternity and infant care.

The residential contracts allow the Department to maintain compliance with federal requirements; strengthen Medicaid rehab claiming protocols; and maintain compliance with the federal district court order to base room and board reimbursements on cost-based methodology.

The contracts offer the following service array:

Emergency Shelter

Emergency Shelter is appropriate for children who are in need of a temporary living arrangement other than their own home, which will assure a safe and protected environment.

Level 2/Moderate/Residential

Level 2 Residential Care is appropriate for children who are in need of twenty-four hour care in residential treatment facilities where treatment can be provided via a controlled environment and a treatment program that can be changed or adjusted according to the needs of the individual child.

Level 3/Severe/Residential:

Level 3 Residential Care is appropriate for children who are in need of twenty-four hour care in a stable, structured, therapeutic environment that focuses on bringing all components of treatment together to accommodate a child's emotional and growth needs during the stay, and subsequent to the stay at the residential facility. This level of treatment is similar to Level 2, but encompasses a more intensive program for the child.

Level 4/Psychiatric/Intensive:

Level 4 Residential Care is appropriate for children who have previously received care in an acute psychiatric hospital but are not currently in need of inpatient psychiatric treatment or children whose treatment needs cannot be met by any of the residential care facilities contracted with the state agency to provide treatment to children with severe needs.

PROGRAM DESCRIPTION

Department: Social Services

Program Name: Residential Treatment

Program is found in the following core budget(s): Residential Treatment

Therapeutic Foster Care Services

Therapeutic Foster Care Services are provided to eligible youth consisting of highly intensive individual treatment in a family foster home setting and community environment. Services are administered as part of a residential treatment agency's array of placement options for children with significant medical, developmental, emotional, or behavioral needs, who, with additional resources, can remain in a family setting and achieve positive growth and development. Therapeutic Foster Care providers receive special training and support to provide care for these children and to provide mentoring for the biological family when reunification is the permanency plan. Services provided to the child parallel those of Level 3 Residential Services and are administered by the residential treatment agency.

Aftercare Services

Aftercare Services are provided to eligible youth and their families. Services are intensive, time-limited, and designed to expedite the youth's return home from residential care to the family of origin or another placement resource identified by the written treatment plan. Services provided to the child include an intensive in-home component.

Maternity Residential Services:

Maternity Residential Services are directed toward pregnant adolescents for whom a family or family-like resource is not available to help prepare them for a safe, healthy delivery, subsequent positive parenting and planned self-sufficiency.

Maternity Residential Services with Infant:

These residential services are directed toward parenting adolescents and their newborn infants for whom a family or family-like resource is not available, so as to demonstrate and promote positive parenting and subsequent self-sufficiency.

Infant/Toddler Residential Services

Infant/Toddler Residential Services are directed toward children under the age of seven, including those who are medically fragile, drug/alcohol-affected and/or severely emotionally disturbed for whom a family or family-like resource is not available.

Program Name: Residential Treatment

Program is found in the following core budget(s): Residential Treatment

Effective April 1, 2016, CD implemented a consolidated and simplified rate structure for all providers. Instead of payment rates based on child's eligibility CD uses a single rate structure based on a daily rate. Below are rates as of 7/1/2016:

Residential Care Facility	Maint.	Rehab.	Total Daily Care Rate
Residential Treatment Maintenance - Level II	41.59	56.10	\$97.69
Residential Treatment Maintenance - Level III	41.59	75.28	\$116.87
Residential Treatment Maintenance- Level IV	46.96	104.82	\$151.78
Emergency Maintenance	144.20	-	\$144.20
Infant Maintenance	168.54	-	\$168.54
Maternity Maintenance	144.20	-	\$144.20
Rehab – Aftercare	-	82.40	\$82.40
Rehab – Therapeutic Foster Care	-	114.19	\$114.19

Specialized Care Management Contract (formerly Interdepartmental Initiative for Children):

The Interdepartmental Initiative for Children with Severe Needs was a consortium of the Departments of Elementary and Secondary Education, Health, Mental Health and Social Services designed to address a more responsive approach to children with severe behavioral health needs that negatively impact their ability to remain in their homes and communities. Effective April 1, 2006, youth served under the former Interdepartmental Initiative contract were subsumed by the Children's Division's (CD) new Specialized Care Management Contract. These children's severe behavioral health issues negatively impact their placement success in traditional Children's Division residential care, Mental Health residential care or Mental Health hospitalization. These children and their families have complex interactions with mental health, medical, social service, legal and education systems. They often receive a series of increasingly intense and expensive state services including long-term placement in residential care. This contract includes outcomes to measure child safety, permanency, stability and well-being.

The Specialized Care Management contract award covers 34 counties; 10 Eastern Missouri counties; 10 Central Missouri counties; 5 Kansas City Area counties; and 9 counties in Southwest Missouri. The contract allows a maximum of 325 children ages 6 - 20 years to be served. As of June, 2016, 323 children were served statewide.

Voluntary Placement Agreements (VPA):

This program allows children to receive appropriate and necessary services, which include out-of-home placement, to address mental health needs. The VPA allows the parent to retain custody of their child while receiving services which the parent cannot afford or access. The VPAs are not to exceed 180 days. The ultimate goal is to provide services and reunify the child with his/her parent(s) as quickly as possible.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.235

Program Name: Residential Treatment

Program is found in the following core budget(s): Residential Treatment

S.B. 1003 Arrangements:

Children can be placed in the custody of the Children's Division solely to access mental health services when no abuse or neglect has occurred. This program allows children to receive appropriate and necessary services to address mental health needs when custody of the child has been returned to their parent/custodian. The child receives services which the parent cannot afford or access even though the court has terminated jurisdiction and returned custody to the parent/custodian.

Foster Care Case Management

Contracted Case Management providers receive a case rate per child per month for children being served by the private agency. A portion of the case rate is for residential treatment services and is paid from this appropriation. Contracted case managers contract directly with residential agencies for their services.

Developmental Disabilities

The Children's Division, through a Memorandum of Understanding (MOU) with the Department of Mental Health, has access to services for children with developmental disabilities. Through this MOU, CD can access appropriate services for children in the Division's custody. DMH accesses Medicaid dollars for the services and the general revenue match is paid by the Children's Division through the Residential Treatment appropriation. Children must meet the following criteria: An individual must have a developmental disability (per state law Section 630.005, RSMo) that occurred before age 18 or a severe health problem such as autism, epilepsy, or cerebral palsy that results in a need for specialized habilitation services. They may also have been injured or have a brain injury (from accidents, etc.). However, the disability should be expected to be a continuing problem rather than short-term and result in significant functional limitation in at least three areas. These children will, in most cases, transition from DSS services to DMH adult services.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute RSMo. 210.481 - 210.531;
42 USC Sections 670 and 5101; 210.122 RSMo, 13 CSR 35-30.010; 208.204 RSMo.

3. Are there federal matching requirements? If yes, please explain.

For some children, residential treatment costs paid from this appropriation are IV-E reimbursable. The effective reimbursement rate when accounting for both IV-E reimbursable and state only costs is 22% federal 78% state. States can earn a federal medical assistance percentage (FMAP) on MO HealthNet program expenditures. Missouri's FMAP for FY18 is blended at a 64.26% federal match, the state matching requirement is 35.74%.

4. Is this a federally mandated program? If yes, please explain.

Yes. The federal Child Welfare Act and the federal Child Abuse Prevention and Treatment Act obligate Missouri to care for children who have been abused and neglected.

Program is found in the following core budget(s): Foster Care Outdoor Program

1. What does this program do?

For funding placement costs for in an outdoor learning residential licensed or accredited program in south central Missouri related to the treatment of foster children. The outdoor program is designed to offer therapeutic learning opportunities through backpacking trips, adventure activities such as climbing, caving, wilderness trips, low and high ropes challenge courses, primitive skills and camping. Adventure activities are designed to be a catalyst for inspiring change in character and integrity in the children served. In a relatively short period of time, children in these program are able to change their perspective and gain increased efficacy, vision and hope. These activities are focused on helping children attain rehabilitative outcomes. Youth are placed in situations where communications, trust and focus among campers must be attained in order to meet the therapeutic needs of each person as well as the group. Participants who are involved increase their skills in areas of confidence, communications, coping and conflict management. They are also able to improve peer relationships.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

HB 2011

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.240

Program Name: Foster Parent Training

Program is found in the following core budget(s): Foster Parent Training

1. What does this program do?

Foster Parent Training

The primary purpose of foster parent training is to prepare applicants for the roles and responsibilities of foster parenting and to provide existing foster parents with advanced training to enhance their functioning as foster parents. Pre-service training introduces applicants to the goals of foster parenting, provides them with an overview of the entire foster care system, and prepares them for the challenges of parenting foster children. In-service training provides foster parents with the opportunity to strengthen their foster parenting skills in a variety of different areas specific to the children they are parenting and challenges encountered.

The specific parenting skills needed to meet the unique needs of the foster youth population and their caregivers are continually assessed through national research and provider engagement. In the past few years new training topics have been added as required in-service training for license maintenance and renewal including; importance of sibling placements, psychotropic medications, Child Welfare laws and policies, trauma care, and the importance of healthy relationships. In addition, policy requires a specific pre-service training for a caregiver to be approved to provide respite care. The division has approved the on-line training resource, Foster Parent College, where resource parents may complete in-service training hours. The resource parents are responsible for the cost of completing the in-service training hours from this Internet resource.

New foster parents must successfully complete the family assessment process and the *Foster STARS* pre-service training and assessment program which consists of 27 hours of classroom training. Relative and kinship care providers must successfully complete the family assessment process and the *STARS for the Caregiver Who Knows the Child* pre-service training which consists of 9 hours of classroom or one-on-one training. The STARS programs are designed to strengthen the quality of family alternative care services in Missouri. The STARS programs are competency based and give families the tools and skills they need to protect and nurture foster children, meet children's developmental needs, support relationships between children and their families, connect children with safe nurturing relationships intended to last a lifetime, and work as a member of the family support team. Families must demonstrate competence in the aforementioned areas before they are licensed as Professional Parents. Professional Parents are expected to work closely with birth families and are required to obtain 30 hours of training during each 2-year licensing period.

Foster parent applicants and licensed foster parents receive reimbursement for the expenses associated with attending foster parent training. Currently, training attendees are reimbursed for mileage to and from the training site at the prevailing state rate per mile, reimbursed for child care expenses resulting from their attendance at the rate of \$2/child/hour, and reimbursed for expenses associated with out of area travel (meals and lodging) at the prevailing state rate. Each specialized foster care program has additional pre-service and in-service training requirements for its participants. These specialized training requirements are included with each specialized foster care program summary.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 211.031, 453.315; Statute 173.270; 42 USC Sections 670 and 5101.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.240

Program Name: Foster Parent Training

Program is found in the following core budget(s): Foster Parent Training

3. Are there federal matching requirements? If yes, please explain.

There is a 25% or 50% state match (75% or 50% federal) for IV-E training costs. The IV-E program rate of federal reimbursement is the FMAP (Federal Medical Assistance Percentage). The FMAP fluctuates annually based on state and national economic and population data, but generally the state matching requirement is around 40% and the federal match 60%.

4. Is this a federally mandated program? If yes, please explain.

The federal Child Welfare Act and the federal Child Abuse Prevention and Treatment Act obligate Missouri to care for children who are abused and neglected. Administrative activities related to these obligations would be considered mandatory.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other " funds?

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.245

Program Name: Foster Youth Educational Assistance

Program is found in the following core budget(s): Foster Youth Educational Assistance

1. What does this program do?

The purpose of the program is to provide youth in foster care or former foster youth (from age 16 - 21) with financial assistance for tuition and other fees associated with cost to attend post-secondary education or training programs. Early and on-going support for education is extremely important in preparing youth for self-sufficiency. The Foster Youth Education Assistance Program gives the Children's Division the opportunity to provide funds to assist eligible youth interested in pursuing higher education to reach their goals.

This program was expanded in FY 2017, to allow youth up to the age of 26 to pursue other post secondary education such as certificate programs or career vocational and technical education. Additionally, the expansion of the program allows for support of services such as transportation and housing so the youth has the propensity to complete their program of study and reduce the need for large student loan debt.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Education Training Voucher (ETV): Promoting Safe and Stable Families Act of 2001. Amended section 477 of the Social Security Act to add sixth purpose for the Chafee Foster Care Independence Act.

Tuition Waiver: Section 173.270 RSMo

3. Are there federal matching requirements? If yes, please explain.

ETV: State must match 20% of funds by in-kind or cash.

Tuition Waiver: No.

4. Is this a federally mandated program? If yes, please explain.

ETV: States receive funding to provide this service to youth and are required to report on the goals and objectives each year through the Annual Progress and Services Report.

Tuition Waiver: No

2. CORE DESCRIPTION

The Children's Division contracts with agencies to provide foster care case management services to children who have been removed from their homes and are under the jurisdiction of the Juvenile Court. These children have been abused and/or neglected or were found to be at serious risk of such. The goal of the performance based foster care case management contracts is to improve safety and timely permanency for these children, while also reducing re-entries into care.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.250

Program Name: Foster Care Case Management Contracts

Program is found in the following core budget(s): Foster Care Case Management Contracts

1. What does this program do?

The Children's Division contracts with consortiums to provide foster care case management services to children who have been removed from their homes and are under the jurisdiction of the Juvenile Court. These children have been abused and/or neglected or were found to be at serious risk of such. The goal of the performance based management contracts is to improve safety and timely permanency for these children, while also reducing re-entries into care.

Services purchased include the following: assessments, treatment planning, placement planning, service planning and permanency/concurrent planning. In addition, the contractors are expected to develop community resources to serve these children, including relative/kinship, foster and adoptive homes. Included in the case rate to these providers is funding for services such as counseling, funding to purchase items to meet the family's immediate needs, and funding to purchase items such as clothing on behalf of children who have been removed from their homes.

Performance outcomes were incorporated into these contracts with the expectation that contractors achieve these outcomes. The performance measures are reviewed annually and renegotiated at the time of contract renewal or rebid.

These services are paid from the foster care and residential treatment appropriations. More information can be found in those program descriptions.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 210.112

3. Are there federal matching requirements? If yes, please explain.

For expenditure purposes, children and youth receiving services from the Children's Division are grouped into two categories - Homeless Dependent and Neglected (HDN) and IV-E. Expenditures for HDN children and youth are 100% state funded, while expenditures on behalf of IV-E children and youth are eligible for federal funding. The IV-E program rate of federal reimbursement is the FMAP (Federal Medical Assistance Percentage). The FMAP fluctuates annually based on state and national economic and population data, but generally the state matching requirement is around 40% and the federal match is 60%.

There is a 50% state match (50% federal earned) for IV-E administrative costs and a 25% state match (75% federal) for IV-E training costs.

4. Is this a federally mandated program? If yes, please explain.

No.

7c. Provide the number of clients/individuals served, if applicable.

In the first contract period a total of 2,055 children in out-of-home care were transferred to the contractors.

- Additional funding was received in FY 2007 and in FY 2008 to assist with accreditation of the Children's Division. As a result, 232 additional children were transferred to the contractors.
- In October, 2008, an additional 315 children began receiving contracted services in the central, south central and southwest regions of the state, bringing the total number of children served to 2,602.
- In October, 2009, cases were reduced by 80 due to expenditure restrictions reducing the total number of children served to 2,522.
- In January, 2011, an additional 30 children began receiving contracted services in the Kansas City region. The expansion into Cass County increased the total number of children served to 2,552.
- In October, 2012, contracts were awarded for 2,625 children to be served.
- In October, 2014, contracts expanded by 480 children and added Cole, Franklin and Johnson counties, bringing the total to 3,105 children.
- In October, 2016, contracts expanded by 330 children and added Crawford County, bringing the total to 3,435 children.

2. CORE DESCRIPTION

Adoption/Guardianship Subsidy is a financial assistance program for special needs children (Section 453.065 RSMo.) or children who achieve guardianship in accordance with Section 453.072 RSMo. This appropriation covers maintenance and expenses such as legal costs paid to adoptive parents. Subsidized guardianship provides eligible individuals with the same services that adoptive parents would receive for their adopted child. In addition, contracts for the development of resource families are funded from this appropriation.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
None.	H.B. 11 language allows for up to 10% flexibility between House Bill Sections 11.100, 11.115, 11.160, 11.185, 11.435, 11.455, 11.460, 11.470, 11.485, 11.505, 11.510.	10% flexibility is being requested for FY 18.

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
None.	Flexibility allows continued service without disrupting or delaying payments and allows Adoption and Guardianship Subsidy funding to be spent between programs.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.255

Program Name: Adoption/Guardianship Subsidy

Program is found in the following core budget(s): Adoption/Guardianship Subsidy

1. What does this program do?

Adoption Subsidy

Adoption/Guardianship Subsidy is a financial assistance program available to children who are designated as having special needs (Section 453.065 RSMo). Payments are made to the adoptive parent on behalf of the child. The subsidy is available to children in the care of the Children's Division, the Division of Youth Services, the Department of Mental Health and licensed child placing agencies. Under certain circumstances, it may also be available to a child who is not now, but has previously been, in the custody of the Children's Division. Funding is also used to pay for contracted resource development activities such as adoption assessments.

Subsidized Guardianship

Senate Bill 47 (2013) defines a subsidized guardianship program that provides eligible individuals with the same services that an adopted child would receive under the Adoption Subsidy program. Individuals who qualify for this program are people related to the child by blood or affinity who have legal guardianship of a minor child. Close non-related persons, who have legal guardianship, whose lives are so intermingled with the child such that the relationship is similar to a family relationship are also eligible for guardianship.

For the purposes of this program, the term "legal guardianship" refers to the legal guardianship established by a probate court under the provision of the probate court code of the Missouri Revised Statutes.

Adoption/Guardianship Subsidy Agreements

Payment for maintenance, services provided by Title XIX, psychological services, legal services related to the adoption/guardianship, and other special services are authorized through an Adoption/Guardianship agreement. This agreement is determined through an evaluation of the needs of the child. The agreement is legally binding.

The Adoption/Guardianship Subsidy Agreements may be renegotiated at the request of the adoptive parent(s)/guardian(s) at any time when changes in the needs of the child or the circumstances of the family are brought to the attention of the Division through an amendment to the agreement. All Adoption and Guardianship agreements expire when a child reaches age 18. In the case of adoption subsidy only, an agreement for a child over age 17 may be negotiated with the family on a yearly basis to a maximum age of 21 when there is a documented extraordinary mental health, physical or dental need.

Current Rate of Payment FY 17

Age 0-5	\$239/mo.
Age 6-12	\$291/mo.
Age 13-Over	\$322/mo.
Elevated Needs (Behavioral/Medical)	\$691/mo.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 453.005 - 453.170; 42 USC Sections 670 and 5101

3. Are there federal matching requirements? If yes, please explain.

For expenditure purposes, children and youth receiving services from the Children's Division are grouped into two categories - Homeless Dependent and Neglected (HDN) and IV-E. Expenditures for HDN children and youth are 100% state funded, TANF funded, or TANF MOE funded. Expenditures on behalf of IV-E children and youth are eligible for federal funding. The IV-E program rate of federal reimbursement is the FMAP (Federal Medical Assistance Percentage). The FMAP fluctuates annually based on state and national economic and population data, but generally the state matching requirement is around 40% and the federal match 60%. There is a 50% state match (50% federal earned) for IV-E administrative costs.

4. Is this a federally mandated program? If yes, please explain.

The federal Child Welfare Act and the federal Child Abuse Prevention and Treatment Act obligate Missouri to care for children who are abused and neglected.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Planned FY 2017 expenditures are net of reverted and reserve.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Fostering Connections to Success and Increasing Adoptions Act of 2008 (Public Law 110-351) revised the circumstances in which states would be allowed to access Federal Title IV-E funds on behalf of children adopted. Included in this change was an allowance whereby the child's age at time of adoption was the primary criteria for accessing federal funds. The federal requirement will eventually include all children, as the age criteria is being reduced each year. States are required to reinvest these funds and DSS needs appropriation authority to facilitate this change.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The Administration for Children and Families (ACF) has issued policy requirements on how dollars must be reinvested. Funds must be spent to provide services allowable under Federal Title IV-B or IV-E programs with at least 30 percent being spent on post-adoption services and services to support positive permanent outcomes for children at risk of entering foster care. These dollars must supplement and not supplant any federal or non-federal dollars already being used to provide these services. The Children's Division has seen an increase in the number of children entering foster care. Using these dollars to provide prevention services to families in order to safely maintain a child in their home would be the focus of these reinvested funds. Employing a variety of strategies that would be specific to the identified needs of families through community based service providers who could flexibly meet individualized needs would be our goal. In addition, in order to prevent adoption disruptions, dollars would be targeted to provide services to adoptive families and their children within their homes or other community setting so that children don't come back into the custody of the Children's Division. Maintaining permanent families through provision of services to prevent situations from escalating, resulting in a need for long term, more intrusive interventions would be an emphasis of the post adoption services.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.260

Program Name: Adoption Resource Centers

Program is found in the following core budget(s): Adoption Resource Centers

1. What does this program do?

There are adoption resource centers located in the cities of St. Louis, Kansas City Springfield, and Jefferson City. The purpose of the centers is to prevent adoption disruption, promote family well-being, and recruit adoptive parents.

Services that may be provided include the following:

- Support groups for youth;
- Educational services, including training on accessing special education services;
- Crisis intervention;
- Respite care; and
- Medical/Behavioral services, including an Adoption Certificate Program for mental health professionals.

The Community Connections Youth Project (CCYP) appeals directly to FosterAdopt Connect's focus on increasing the quality of life experienced by young adults impacted by the foster care system. By connecting participating youth to community-based resource providers, we hope to maximize the impact of the health and wellbeing of former foster youth, producing a more effective continuum of care for this population.

CCYP's program model incorporates aspects FosterAdopt Connect's successful Advocacy and Extreme Recruitment programs into a Strengths-Based model of voluntary peer case management for youth currently exiting or recently exited from the foster care system. This model of case management emphasizes the inherent strengths of the youth, and builds upon existing (or recruited) resources to produce an increase in the quality of long term outcomes for former foster youth, who have historically tragic long term outcomes. Because it is used for youth still in foster care, and youth who have already aged out of foster care, this is a unique approach to helping these older youth which is not currently funded by any other state program.

Adoption Resource Centers are not for profit agencies that educate, support and advocate for foster and adoptive children, youth and families in the state by offering services and partnering with community agencies to develop healthy and self-sufficient individuals and families. Adoption Resource Centers provide for the needs of foster, adoptive, kinship, and guardianship youth and families. The additional funding would be used to find and support adoptive homes for hard-to-place children in foster care and assist adoption resource centers in finding them permanent homes.

Extreme recruitment involves very targeted efforts to find a home for a specific child in a very condensed timeframe. It focuses on identifying and locating family, friends and other important individuals in a child's life to be considered as a placement resource for the child. Extreme Recruitment operates under the following philosophies: foster care is intended to be temporary; every child deserves a permanent home, and relative/kinship placements are generally preferred. However, non relative placements are also explored. Programs such as 30 Days to Family and Family to Family are examples of Extreme Recruitment models.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

An increase of \$1,750,000 is for the recruitment, retention and support of resource families including foster, relative, kinship and adoptive families. The Children's Division has seen an increase in the number of children entering foster care. In order to support these children and minimize the number of homes a child would be placed in, recruitment, education, support and advocacy for foster and adoptive parents is vital. Supporting these families helps prevent foster care and adoption disruptions. These funds would be dedicated to providing services to foster, guardianship, and adoptive families and their children within their homes or other community setting so that children experience safe and stable homes. Maintaining permanent families through provision of services to adoptive parents prevent situations from escalating, resulting in a need for long term, more intrusive interventions would be an emphasis of the post adoption services that would be funded. Adoption Resource Centers partner with community organizations to recruit and support resource parents, provide educational services including training on accessing special education services, individual mentoring or advocacy, crisis intervention, respite care, and opportunities for support groups for both children and families.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.265

Program Name: Independent Living

Program is found in the following core budget(s): Independent Living

1. What does this program do?

The Chafee Foster Care Independence Program, established in section 477 of the Social Security Act, replaces the former Independent Living Initiative. The former Title IV-E Independent Living Initiative (established in 1986) governed implementation of most federally supported independent living services from 1987 until December 14, 1999, when the Foster Care Independence Act became law. The former Independent Living Initiative made services available to young people who were ages 16 - 18 in Title IV-E foster care.

The Chafee Foster Care Independence Program:

- Increases funding for independent living activities;
- Offers assistance for young people ages 18 to 21 who have left foster care for emergency/crisis intervention services;
- Emphasizes the importance of securing permanent families for young people in foster care;
- Expands the opportunity for states to offer Medicaid to young people transitioning from care; and
- Increases state accountability for outcomes for young people transitioning from foster care.

The purpose of the Chafee Foster Care Independence program is to assist foster and former foster youth in achieving positive outcomes in their transition to independent adulthood. Youth are referred by their case manager to a contracted provider. Chafee services are used to assist youth in achieving their own goals for self-sufficiency and to assure they recognize and accept responsibility in preparation for and transitioning to adulthood. This appropriation also provides support for Chafee services for youth in Transitional Living Placements.

Chafee funds are also utilized to continue supporting Missouri's Aftercare program for youth who have exited state custody at age 17 1/2 or older, but have not yet reached age 21. Additionally, funds are used for the administration and facilitation of foster youth advisory boards.

Many services are available through the Chafee Foster Care Independence Program. Contracts to provide Chafee services were awarded on November 1, 2015. The contractors provide services to all foster youth, ages 14 through 21, who are referred to the program. Services focus on academic achievement, job readiness, community services and support, youth leadership, and independent living skills. Contractors assess the needs of each individual youth and provide necessary life skills training or assist the youth in obtaining appropriate resources.

2. CORE DESCRIPTION

Transitional Living Program (TLP) funds are used to move youth from structured family or residential settings to group homes, apartments, or with advocates to facilitate their move to adult independence. These funds are paid directly to the youth in the advocate program and to contractors for group home and apartment programs. Youth in TLP are typically moving from a residential treatment program to a planned permanent arrangement. This program provides oversight, life skills teaching, and supervision to ensure the transition is successful.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.265

Program Name: Transitional Living

Program is found in the following core budget(s): Transitional Living

1. What does this program do?

The Transitional Living Program (TLP) is a placement option for youth, age 16 and over, who are moving from a structured family or residential setting, and whose permanency plan is independence, or youth who have re-entered care as a result of SB 208 (2013). Placement types in TLP include group home and single/scattered site apartments, and the Transitional Living Advocate program.

Entry into TLP must be planned by the youth's Family Support Team and authorized by the Children's Division.

The desired outcomes include increasing the number of youth who:

- have resources to meet their living expenses,
- have a safe and stable place to live,
- are successfully working toward completion of academic/vocational goals,
- have positive personal relationships with adults in the community,
- are avoiding high-risk behaviors,
- are able to access needed physical and mental health services, and
- have or can obtain essential documents.

Transitional Living Group Home and Single/Scattered Site Apartments:

The Transitional Living Program is appropriate for older youth who are in need of guidance, coaching and mentoring in a safe and supervised environment to learn independent living skills in a community setting. Desired outcomes include education, employment, self sufficiency, and community involvement.

Transitional Living Group Home (TLGH):

The Transitional Living Group Home is a licensed and contracted Residential Care Agency operating a site dedicated solely to residents, ages 16 through age 18, who have a goal of "another planned permanent living arrangement." The program intent allows the residents to learn and practice life skills in a group setting with on-site supervision in accordance with residential treatment facility licensing rules. It offers youth the opportunity to transition smoothly from a more restrictive environment to a less restrictive setting based on the readiness of the youth.

Transitional Living Single/Scattered Site Apartments (TLSS):

Scattered site apartments are an approved and contracted living arrangement dedicated solely to resident(s), age 18 and over, who have demonstrated the ability to make responsible decisions, maintain employment, and have a clear understanding of the financial and emotional demands of living independently, and who have a plan of independent living. The program intent allows the resident(s) to learn and practice life skills and prepare for the future in an apartment setting. Youth receive support and guidance, but supervision is minimal.

Independent Living

The Transitional Living appropriation also supports Independent Living activities. Services provided through the Chafee Foster Care Independence Program include assistance in obtaining a high school diploma, career exploration, vocational training, job placement and retention, daily living skills, budget and financial management skills and preventive health education.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.265

Program Name: Transitional Living

Program is found in the following core budget(s): Transitional Living

Transitional Living Advocacy Program (TLA):

The Transitional Living Advocate (TLA) program provides a safe and familiar setting for youth to live and continue life skills training. Youth in this setting receive encouragement and guidance in regard to employment, education and/or training in order to prepare for a successful transition from Children's Division custody. The advocate for the youth must be at least age 21, may be married or single, and is willing to provide the time, a home, supervision and support needed by the youth transitioning out of care. TLAs must have flexible attitudes and expectations of the youth during this time of transition. They must have an understanding of adolescent behavior and be able to let the youth make mistakes and deal with consequences. Communication is essential when working with youth as well as allowing the youth to form their values. The advocate is aware of community resources that will support the youth's endeavors and must be willing to assist the youth in accessing services including educational support, job readiness training, physical/mental health and money management. This type of placement is crucial to the youth's successful transition to adulthood.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 207.010, 207.020;
42 USC Sections 670 and 5101.

3. Are there federal matching requirements? If yes, please explain.

For expenditure purposes, children and youth receiving services from the Children's Division are grouped into two categories - Homeless Dependent and Neglected (HDN) and IV-E. Expenditures for HDN children and youth are 100% state funded, while expenditures on behalf of IV-E children and youth are eligible for federal funding. The IV-E program rate of federal reimbursement is the FMAP (Federal Medical Assistance Percentage). The FMAP fluctuates annually based on state and national economic and population data, but generally the state matching requirement is around 40% and the federal match 60%. There is a 50% state match (50% federal earned) for IV-E administrative costs.

4. Is this a federally mandated program? If yes, please explain.

The federal Child Welfare Act and the federal Child Abuse Prevention and Treatment Act obligate Missouri to care for children who are abused and neglected. Administrative activities related to these obligations would be considered mandatory.

2. CORE DESCRIPTION

The purpose of this appropriation is to provide a mechanism for the Children's Division (CD) to forward Title IV-E funds to the Juvenile Courts when Title IV-E eligible children are placed in Juvenile Court residential facilities. When IV-E eligible children are in the custody of the Juvenile Court, providing the Juvenile Courts with the Title IV-E match for maintenance helps to ensure these children do not enter the Division's custody.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.275

Program Name: IV-E Authority-Juvenile Courts

Program is found in the following core budget(s): IV-E Authority-Juvenile Courts

1. What does this program do?

The Children's Division (CD) has Title IV-E contracts with certain juvenile courts or family courts. The purpose of the contracts is to reimburse the court the federal match for children who are placed in the court's custody and in an out-of-home placement. In order to qualify, CD staff must determine the child to be Title IV-E eligible and reimbursable. This program brings federal dollars to the courts so that they can plan for the child and maintain their placement without placing the child in the custody of the Children's Division.

There are three contracts with juvenile or family courts throughout the state. CD has contracts with Boone County Juvenile Court (13th Judicial Circuit), Jackson County Family Court (16th Judicial Circuit), and the Bruce Normile Juvenile Justice Center (2nd Judicial Circuit--Adair, Knox and Lewis Court)

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Federal laws: P.L. 96-272, Title IV-E of the Social Security Act

3. Are there federal matching requirements? If yes, please explain.

Yes, this federal funding comes from Title IV-E, which requires a state match. The juvenile and family courts entering into contracts with the Children's Division are responsible for the state match.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

2. CORE DESCRIPTION

The Administration for Children and Families (ACF) has identified the specific Court Appointed Special Advocate (CASA) training components that qualify as Title IV-E reimbursable training funds. The statewide CASA agency has an agreement with the Children's Division to access federal money to support their training programs. The state general revenue match for this funding is \$200,000 in the Judiciary budget. Office of State Courts Administrator does not use this funding for any other federal match.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.280

Program Name: IV-E Authority - CASAs

Program is found in the following core budget(s): IV-E Authority - CASAs

1. What does this program do?

The Children's Division has a contract with the Missouri Court Appointed Special Advocate (CASA) Association, enabling the association to access federal funding for certain CASA training programs. The Missouri CASA Association's mission is to support and promote court-appointed volunteer advocacy for the state's abused and neglected children. CASA volunteers receive no less than 30 hours of training prior to being assigned to a case. These volunteers are supported by local CASA program staff with professional backgrounds in the legal and child welfare fields.

These federal dollars will allow the Missouri CASA Association to maximize their training dollars by matching the general revenue funds received through the Office of State Court Administrators (OSCA) budget with federal Title IV-E funds.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Federal laws: P.L. 96-272, Title IV-E of the Social Security Act

3. Are there federal matching requirements? If yes, please explain.

Yes, the federal funding comes from Title IV-E. The state general revenue match is 50% and is expended in the judiciary budget.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

2. CORE DESCRIPTION

The Children's Division (CD) receives the Child Abuse and Neglect (CA/N) Basic Grant, and the Children's Justice Act (CJA) Grant. The guidelines for the grants specify criteria that must be met and limitations on how the funds can be expended.

The CA/N Grant must be used by states for improving child protective service systems such as the intake, assessment, screening and investigation of reports of abuse and neglect; creating and improving use of multidisciplinary teams and interagency protocols; developing, improving and implementation of safety and risk assessment tools; training related to improvising skills of staff; and supporting collaboration among and across agencies.

The CJA Grant must be used to improve the investigation, prosecution and judicial handling of case of child abuse and neglect, particularly child sexual abuse and exploitation, in a manner that limits additional trauma to the child victim. Funds are typically used for developing curricula and conducting training for personnel in law enforcement and child protective services; establishing and enhancing child advocacy centers and other multidisciplinary programs; and establishing and supporting local and state child fatality review teams.

2. CORE DESCRIPTION

This appropriation provides a central account for the distribution of funds for children in the Children's Division's (CD) care and custody, offsetting state expenses and providing support for children who can safely return home. When children are placed in the Division's custody outside income on behalf of the children such as Social Security, SSI and Child Support are pursued. This income is used to help pay for the child's expenses while in custody.

PROGRAM DESCRIPTION

Department: Social Services

Program Name: Foster Care Children's Accounts

HB Section: 11.290

Program is found in the following core budget(s): Foster Care Children's Accounts

1. What does this program do?

The division manages any outside income received by children in its care and custody. It is necessary for the Children's Division to provide a central account for the distribution of funds received for children in its care and custody, thus offsetting state expenses. Children receive outside income from a variety of sources, including Social Security (SSI and OASDI); Veterans Benefits; Railroad Retirement benefits; and lump sum payments (excludes the child's wages, if any). This income is used to offset the cost of maintaining the child in alternative care and to pay any special expenses of the child. The use of these funds reduces the need for payment for children from state funding sources.

If a child is due past SSI payments that exceed six times the federal monthly benefit rate, a separate special account referred to as a "dedicated account" must be established for the child. The past due benefits must be deposited into the dedicated account and may not be combined with the child's SSI benefits or any other funds. CD may expend funds for medical treatment, education, job skills training and other specific expenses related to the child's impairment from this dedicated account. Expenditures from the dedicated fund must be approved by the Social Security Administration.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 210.560

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

States do not have to serve as a Representative Payee for kids in Foster Care. Missouri has opted for the opportunity based on the information below: Section 205(j)(1) and section 1631(a)(2)(A) of the Social Security Act provides broad authority for the Social Security Administration (SSA) to determine whether an individual beneficiary should have a representative payee. Section 205(j)(1) of the Act provides for the appointment of a representative payee if it is determined "that the interest of the individual under this title would be served thereby... regardless of the legal competency or incompetency of the individual". Missouri has opted to serve as this representative payee.

2. CORE DESCRIPTION

This appropriation funds child care subsidies for low-income families and children receiving protective services child care, to assist with the purchase of child care and programs to improve the quality and availability of DSS subsidized child care in Missouri. This appropriation also funds early childhood development programs targeting primarily low income families and families with children under age three to ensure that these children have positive early child experiences both in and out of the home. These programs help prepare children to enter school ready to succeed and to reduce the potential for child abuse and neglect.

PROGRAM DESCRIPTION

Department: Social Services

HB Section: 11.295

Program Name: Purchase of Child Care

Program is found in the following core budget(s): Purchase of Child Care

1. What does this program do?

The Purchase of Child Care program supports low income working families through the Family Support Division and children receiving protective services child care through the Children's Division. Child care is essential in assisting families in achieving self-sufficiency and breaking the cycle of poverty. Research has proven that quality early childhood care and education experiences are critical for children to enter kindergarten prepared to succeed. Child care also prevents children from being left in inappropriate, unsafe or unsupervised environments.

The Purchase of Child Care program includes two components to help families achieve and maintain self-sufficiency and increases children's chances to succeed in school. The two components include subsidy and quality supports partially funded with the federal Child Care Development Fund (CCDF) block grant. Each component is discussed below:

Child Care Subsidy

Traditional Child Care Subsidy

Parents and other caretakers participating in job training, educational activities or employment depend on available, affordable and accessible child care. DSS child care subsidies support parents receiving Temporary Assistance benefits, those with low income, or families receiving child welfare services. Parents are required to share in the cost through a sliding fee scale based on household income. In addition, parents are responsible for paying the difference between the provider's actual charge and the state maximum payment rate. Sliding fees are waived for special needs children receiving child care or transitional child care through the Children's Division. The current income eligibility limit for a three (3) person traditional household is 138% FPL.

Transitional Child Care

In fiscal year 2009, an expanded child care subsidy program was established allowing family eligibility to continue beyond the traditional income eligibility limits. This expanded eligibility is called Transitional Child Care (TCC) and is only available to families who are already receiving traditional child care subsidy. TCC households have an increased share in the cost of care due to their increased income and continued eligibility. In FY-2014, a two-tiered transitional child care program was implemented. In FY-2016, a third tier of transitional child care was implemented. The income thresholds for Child Care subsidies shall be a full benefit for individuals with an income which is less than or equal to 138% of the federal poverty level; a benefit of 75% for individuals with an income which is less than or equal to 165% of the federal poverty level but greater than 138%; a benefit of 50% for individuals with an income which is less than or equal to 190% of the federal poverty level but greater than 165%; and a benefit of 25% for individuals with an income which is less than or equal to 215% of the federal poverty level but greater than 190%. Families are responsible for the 25%, 50%, or 75% of the child care expense, respectively. The program's income eligibility guidelines may decline at a proportionate rate when the FPL is adjusted each year.

Head Start Trauma Smart

This is an early childhood trauma intervention model that addresses the effects of complex trauma - such as community and family violence, poverty, illness, and homelessness - for young preschool-age children, their families, and the Head Start teachers who care for them.

The model give all Head Start staff and parents training to create calm, connected classrooms and home environments that recognize and address behavioral and other problems triggered by trauma, and provide the supports for children to learn and thrive.

Child Care Provider Payment

Payment for child care may be paid to a legal provider as defined in 210.211 RSMo. Child care providers who are licensed may contract with DSS and receive reimbursement. Other legally operating providers, who register with DSS, may also receive reimbursement under certain conditions. Providers who are license-exempt must have an exemption established by the Department of Health and Senior Services, Section for Child Care Regulation (SCCR).

Providers who care for four or fewer unrelated children must meet specific requirements including, but not limited to the following:

- Be at least eighteen years old;
- Complete state and federal background screenings on themselves through finger prints;
- Complete background screenings on household members age seventeen years and older; and
- Test negative for tuberculosis.

The Division pays a maximum base rate determined by geographic area, type of facility (center, group or family home), duration of care (full, half or partial day) and the age of the child (infant/toddler, preschool or school age). When providers meet the following qualifications, their base rate may be enhanced:

- Providers who offer care after 7 p.m. and before 6 a.m., and/or on Saturday/Sunday may receive a 15% enhancement to their base rate.
- Programs which are accredited by an accrediting organization recognized by the Department of Social Services may receive a 20% enhancement to their base rate.
- Providers who care for children with special needs may receive a 25% enhancement to their base rate for that child. Special consideration is given to children with special needs. If a medical professional certifies that a child is functioning at a developmental age level lower than their chronological age, child care services for the child may be paid at the rate certified as the functional age.
- Licensed providers, who are contracted with DSS and whose enrollment consists of 50% or more DSS subsidized children, may receive a 30% enhancement to their base rate.

Child Care Quality Supports

CCDF quality funds support the following initiatives:

Resource & Referral

The Missouri Child Care Resource and Referral Network, d.b.a. Child Care Aware® of Missouri, provides statewide resource and referral services to families seeking child care and consumer education. Among the services provided, the following are those specifically supported by this appropriation:

- Child Care Aware® of Missouri maintains a child care referral computer database that uses nationally recognized resource and referral software programs for families seeking child care.
- Operates a statewide toll-free telephone system that links families to their appropriate local resource and referral agency.
- Provides statewide training coordination for the DHSS/DSS approved child care provider trainings which include Basic Knowledge Curriculum, Infant/Toddler Child Care Orientation, and School Age Child Care Orientation.
- Provides on-site technical assistance to child care providers to improve parental involvement in the care and education of their children based on the national Strengthening Families Protective Factors model.

Before & After School Care

The Department of Social Services funds Before and After School programs for children in high poverty urban areas to support working parents and to provide safe, constructive, extended day services for children. These services are provided free or at a minimal charge to the parent. Services are provided at 42 sites in the Kansas City Area through the Greater Kansas City Local Investment Commission (LINC) and at 21 sites in the St. Louis Area through Area Resources for Community and Human Services (ARCHS).

Opportunities in a Professional Education Network (OPEN)

The OPEN initiative is an "umbrella" under which many career development efforts occur. OPEN's primary focus is the development and implementation of a career development system for staff in early childhood and school-age/after school and youth development programs.

- OPEN maintains the Missouri Professional Development Registry (MOPD Registry) which is a database system that collects and verifies early childhood, school-age/after school, and youth development professionals' education and training information. It collects and verifies education and experience for providers and trainers in Missouri. This registry allows teachers/practitioners to participate in Missouri's career development system and provides a source of valuable data for the field.
- Responsible for generating and maintaining the MOPD ID which is the workforce ID used by professional development partners.

Educare

Educare is an initiative providing resources, technical assistance, and support opportunities targeting family home child care programs. Services are free or at reduced cost to state-subsidized child care and early learning programs. There are currently nine Educare sites in Missouri serving all 114 counties and the City of St. Louis. Registered and Licensed Exempt Child Care providers are required to take specific trainings, including, but not limited to First Aid/CPR, Child Development, Infection Control and Prevention and other health and safety trainings. Training records are obtained in the automated tracking system.

The guiding principles of Educare are:

- Strengthen the ability of child care programs to offer developmentally appropriate early care and education activities and programs;
- Develop and expand school-linked, integrated services to serve young children, focusing on the special needs of children from low-income families;
- Encourage parental involvement and participation with their child's developmental process;
- Draw on community leadership for design, implementation and continued involvement to improve early child care and education systems; and
- Create programs that are designed to meet the unique needs of communities.

Educare services include:

- Professional development opportunities for child care and early learning programs;
- Individualized home visits for family child care programs;
- Customized center-based training;
- Supporting coordination of existing community resources to optimize funding; and
- Linking child care and early learning programs and families to schools and community resources.

Missouri Early Head Start/Child Care Partnership Project:

The goal of the Missouri Early Head Start (EHS) Child Care Partnership Project is to promote quality early childhood services for Missouri's birth to age three population, including prenatal care. Using the national Early Head Start model, this program partners with a wide range of child care and early learning programs in communities. Partnerships may include public and private programs, religious-based programs, family child care programs, group homes and centers-based programs.

The EHS model directly serves families under 185% of the FPL. The Missouri Early Head Start Child Care Partnership also offers parents a wide range of child care arrangements which meet federal Early Head Start Performance standards. EHS services include child care, parent education and support, age appropriate developmental screenings, access to a medical home, support toward attaining family self-sufficiency, and mental health services including substance abuse counseling. Because of the partnerships with community child care and early learning programs, the Missouri Early Head Start/Child Care Partnership program is able to provide quality early childhood experiences to substantially more children than those directly funded through this appropriation. This funding currently supports 473 EHS slots in Missouri.

The Early Childhood Development Education and Care Fund (ECDEC), established in RSMo 313.835, sets aside funds to be jointly administered by the Departments of Social Services (DSS) and Elementary and Secondary Education (DESE). Overwhelming evidence of research indicates early childhood experiences directly impact a child's potential for future learning. Children begin learning at birth. Experiences during the critical early years have an effect, either positive or negative, on long-term development. Providing parents with support systems and education on child development and age appropriate behavior in the early years are proven factors in reducing the potential for child abuse and neglect.

Hand Up

During the FY 12 legislative session House Bill 1323 was passed. State Regulation 13 CSR 35-32.040 has also been published. This act known as the "Low-Wage Trap Elimination Act" requires the Children's Division to implement the Hand-Up Pilot program. The goal of this program is to reduce the sudden loss of child care assistance as participants move toward self-sufficiency. The pilot program is designed to allow persons currently receiving child care benefits and who experience an increase in income which causes them to exceed the allowed monthly income guidelines for full child care benefits to continue receiving child care through the Hand-Up program. The program will be implemented in one metropolitan child care center, Operation Breakthrough in Kansas City, and one rural county, Community Day School in Cape Girardeau.

Child Care Facility Inspections

All providers must meet state and federal requirements prior to receiving federal assistance (RSMo 210.027, Federal Child Care Development Block Grant). Children's Division is working with the Office of Administration on securing a contractor to conduct unscheduled onsite monitoring of child care providers, prior to providers receiving state or federal funds, and annually thereafter. Inspections will include minimum requirements for building and physical premises, to include compliance with state and local fire, health and building codes, emergency preparedness and response planning. All providers will also be requested to be tested for tuberculosis and meet pre-service training requirements. All providers must meet statutory requirements prior to receiving federal assistance.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State statute: RSMo. 161.215; RSMo. 208.044; RSMo 208.046; 13 CSR 35-32.040; Federal Regulation: 45 CFR 98.10.

3. Are there federal matching requirements? If yes, please explain.

Yes. The federal CCDF block grant funds subsidy and quality subsidy supports. This block grant is broken down into three types of funding: mandatory, discretionary and matching. To receive mandatory funding, a state must maintain a certain level of state funding commitment - a Maintenance of Effort (MOE). Expenditures in the Purchase of Child Care program help to meet this MOE requirement. There is a state match requirement to receive the matching components of the CCDF funds. The state share is 35.74% for fiscal year 2018.

4. Is this a federally mandated program? If yes, please explain.

No.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Planned FY 2017 expenditures are net of reverted and reserve.
